Monte Hermoso # 5

Custom designed 2 bedroom, 2 bath single story home on a 200 sq meter lot, in this newer gated development. Situated on the edge of Playas del Coco and 3 kms to the beach, this development has full time gardeners, 24 security, 1 great pool, with plans for a second pool as the development fills up. I am impressed that the developer has completed everything very nicely and with good construction. Living in the Papagayo area gives to many benefits to explain. Starting with perfect weather, great infrastructure, exceptional services, world class food, water sports, adventure and an incredible eco system all within minutes of Liberia International Airport and direct flights. We can also help you design and build a custom home or sell you a lot to build your own. Contact me today.

Custom 2 Bdrm / 2 Bathroom
